Announcement

We are pleased to announce that on May 30, 2011 our IT team was successful in connecting the ISX network to Rabee Securities' newly established offices in the city of Erbil. First trades were executed from Erbil on that date.

Rabee Securities will have the capabilities of executing order from two locations, Baghdad and Erbil. This will enable all residents of Erbil to participate in the ISX and be able to execute trades instantaneously on the ISX.

This is a first for the ISX and any broker dealer in Iraq, we believe that there will be many more in the near future.
